INTRODUCING YOUR MOBILE PHONE

Learn about your mobile phone's keys, display and icons.

Keys

From the front view of your phone you will observe the following elements:

(See 1.1 – Page 1)

The following table offers you a quick description about the phone's keys:

Item	Key	Function
1	Power button	Allow you to turn on/off the device and to lock the screen.
2	Volume	Allow you to adjust the volume of ringing and notifications. Also allows you to adjust the volume of multimedia content playback.
3	Back	Allow you to return to the previous menu or screen. Also allow you to close some applications.
4	Home	It takes you directly to the home screen, leaving any application open.
5	Menu	Allow you to access to the functions menu of the application or screen you are.

Screen

The screen of your mobile phone is designed as follows:

(See 1.2 – Page 1)

Icons

Learn about the icons that are displayed on the top of the screen, indicating the status of the phone:

	Signal strength		Wi-Fi connection
	Bluetooth On		USB connected
	Battery meter		New message
	Vibration profile		New email
	Roaming indicator		Alarm active
	Headset connected		Silent profile
